

Programmable DC Load

- Programmable DC load(50V, 15A , 100W)
- Constant current and constant power settings
- Programmable slew rate(steps size and step delay)
- Remote Control via RS232 interface
- Compact design, 17cm x 16cm x 8cm

Specifications

Voltage Range	0V-50V DC
Current Setting	0 - 15A
Power Setting	0 - 100W
Accuracy	1%
Power Supply	12VDC 2.1mm ID, 2A
Dimensions/Weight	17cm x 16cm x 8cm, 1.1Kg
